

## SURFACE AREA

$$201.06 +$$

$$201.06 +$$

$$\underline{552.92}$$

$$= 955.04 \text{ cm}^2$$

$$\text{Circumference Circle} = 2\pi r$$

$$= 2 \times \pi \times 8$$

$$= 50.27$$

$$50.27 \times 11 = 552.92$$

$$\text{Area circles} = \pi r^2 = \pi \times 8^2 = \pi \times 64 = 201.06$$

$$201.06$$
